

International Workshop Social Work in Psychiatry

College of Polytechnics Jihlava

1st - 5th May 2017

Background

The number of psychiatric patients has been steadily increasing in the recent 20 years. According to WHO, depressive disorders are on the rise and they will soon be one of the most serious problems of mankind.

Our lifestyle, its biological and psychosocial aspects influence and support the spread of mental illnesses.

It is highly important to destigmatize psychiatric patients.
